Secy to Remembrancer for a note by 28/12

The object of the Committee in addressing the letter under disposal is evidently first to secure a grant unencumbered with conditions re: raising of funds by collection of subscriptions, and secondly to secure a monthly grant instead of one paid at the end of each year.

To some extent, the sanction of the request for a monthly grant equal to $\frac{1}{12}$ th of Rs 5000/- involves sanction of the first request also. This can be avoided by authorising some officer, I. G. E, Chief Secy, or Comptr

to pay grants up to Rs 5000/- during 1921-22, on monthly bills, but equal only to the amount of subscriptions raised during that month. This will materially help the Committee as regards ways & means, without relaxing the Condition. But the tenor of the whole letter shows that what the Committee want is the whole of Rs 5000/- & not so much the monthly disbursement.

This request is one involving a question of policy.

I am not sure if an opinion may be hazarded on such a question. But if permitted, I would submit that when retrenchment is so much in the air, & the appointment of a Finance Comm[n] for this purpose is impending, one of the first steps would be to avoid optional expenditure, of which this is perhaps the foremost.

The work now done by the Assoc[n] is work the intrinsic worth of which can be tested only by throwing it on public philanthropy. Govt grants often lead only to "hot-house" experiments in such matters

Sir,

flag. V With reference to Government Order No.366-8/E.A.G.486 dated 19th August 1920 sanctioning the grant of a sum equivalent to the amount collected by private donations and subscriptions, but not exceeding Rs.5,000/- a year for the two years 1920-21 and 1921-22, I have the honor to append below the Resolution of the Central Committee passed at the 33rd meeting held on the 29th November 1921.

flag. W "Resolved that the Committee while thankfully acknowledging the grant of Rs.3,051/- for the year 1920-21 wish to urge that in consideration of the additional expenditure entailed by the opening of a Community Centre in Bangalore City, the Government be pleased to fix the grant for

" the year 1921-22 at Rs.5,000/- as originally laid down, to be kindly " paid in the shape of a monthly grant of Rs.416-10-8. This will facili- " tate the work of the Association. The Committee will of course not relax " its efforts to collect as much money as possible by private donations and " subscriptions."

In this connection, I beg to submit that the Community Centre was opened in a congested part of the city in August 1921 and its work is growing in usefulness and popularity. At present, the maternity work, the night adult classes, the sewing class for women and the weekly Kannada lectures illustrated by lantern slides, are working regularly. Lady attendants have been appointed to go round the area, advising expectant mothers to avail themselves of the services of trained midwives instead of ignorant barber women. The midwives attached to the local dispensary are brought into touch with these mothers. Sick women are taken by these attendants to the Victoria Hospital and treated there by Dr. (Mrs.) - Ratnamma Isaac who visits the Centre twice a week and attends to patients in their homes.

Miss Paget of the Wesleyan Mission Jubilee Home is holding a sewing class for women of the locality with a view to teach them needle work so that they may be able to make the garments required for themselves and

their children, the object being to teach the women to keep themselves busy with useful occupation, to enable them to save their tailors' bills and earn something as well as to arouse interest in and care for the happiness and comfort of their children. Twelve women are on an average attending this class which is held once a week for the present. Health talks on hygiene, care of infants, etc. are also given to the women present in this class.

The night adult classes have nearly 40 students on their roll. All the students are day laborers such as weavers, tailors, mat-makers, etc. The classes are held between 7 and 9 P.M. every day.

Lectures in Kannada on useful educational subjects are regularly delivered every Sunday and are well attended by the juveniles of the locality and also by the adults.

Besides the above activities, one of the Scout Masters deputed by the Director of Boys Scouts is training a dozen boys of the locality in scouting.

Further efforts are being made to initiate new activities, to improve the existing ones and to secure more voluntary workers. Our establishment and other charges come to nearly Rs.200/- per month -

2324

including rent and our financial limitations are in the way of our enlarging our spheres of activity and usefulness to a greater extent.

The enlistment of the sympathy and co-operation of the non-official public in the cause of social service which is to them a novel ~~piece~~ kind of work requires patient and persevering labour to secure appreciation and depends mainly upon the complete success of the work now undertaken in the Community Centre. We therefore need in this our first attempt all the moral and material support of our enlightened and patriotic Government.

I therefore appeal to Government to kindly grant the request of the Committee conveyed in the Resolution quoted above and help us forward to render social service to our humbler citizens in order to kindle in their hearts a sense of civic and social obligations to the State.

I have the honor to be,

Sir,
